

*Thank you for your desire to help CODA support victims of domestic violence and their children. As you can imagine, sheltering hundreds of families is a huge task and we are always happy to have your assistance with donations to our program. Due to lack of storage, we cannot accept used clothing. However, our clients are able to shop at Goodwill Industries and the Salvation Army at no charge. Further, The Bargain Box, St. Francis Thrift and Calhoun Station provide support to CODA through grants. So we urge you to send your used clothing donations to those organizations and know that you are still helping CODA assist victims of domestic violence. The following list includes examples of some of our most needed items. Please call us at 843-770-1070 if you have something you think we might use which is not on this list. Thank you!*
